EXPERIENCE

Lagaland

Sep 2024 - Oct 2024

Ui/Ux intern - Salon app

- Developed a user-friendly mobile application to help users browse and book appointments at salons across multiple locations in India.
- Integrated features to display salon details, services, and contact information.

PROJECTS

Pharmaceutical Resource Software

Sep 2023 – Nov 2023

- Collaborated on the development of cutting-edge pharmaceutical resource software, utilizing Java and MySQL to provide comprehensive access to medication data. Designed intuitive data visualization tools to enhance user interaction and understanding of complex medical information.
- Implemented unique drug pricing comparison features to empower healthcare professionals and patients in making informed decisions. Aimed to revolutionize healthcare information access by creating a user-friendly platform that streamlines the decision-making process.

Weather App - <https://github.com/mo0ohit>

Aug 2024

- Developed a Weather App using HTML, CSS, and JavaScript to display real-time weather information, integrating an API for fetching city-specific data.
- **Styled and Enhanced** the user interface with CSS for better readability, and implemented error handling for invalid city names with appropriate messages.
- **Streamlined Development** with automated webpage refreshes and utilized JavaScript to log weather details and errors in the browser console.

Social Media Sentiment Analysis for Brand Monitoring

Jun 2024 - Jul 2024

- Developed a Python-based sentiment analysis model to monitor customer opinions, using NLP to classify social media posts (Twitter) as positive, negative, or neutral.
- Visualized sentiment trends and ratios using Power BI/Tableau, providing actionable insights for brand strategy and proactive management.

SKILLS

Languages: SQL, JavaScript, HTML, CSS, Python, C++, Dart

Frameworks: Pandas, NumPy, Scikit -Learn, Matplotlib

Platforms: Power BI, Tableau, VS Code, Blender

CERTIFICATIONS

- Udemy Certification- The Complete Flutter Development Bootcamp with Dart
